Re: Water Right Permit No. **G2-26813** (Rolling Firs Water System and Regional Water Supply)

Dear Ms. Passey:

We are pleased to let you know that your extension request for this water right permit has been granted. Your new deadline to put the water to **full beneficial use** and send a completed Proof of Appropriation form is **March 1, 2010**.

Reasons for granting extension:

- The supply needs of the public water system's service area.
- Related water demand projections prepared by public water systems in accordance with state law.

When you return the completed Proof of Appropriation form to us, be sure that:

- It is **notarized**.
- You have written in the **parcel number** for the lot for where your project is located. Parcel numbers can be found on property tax statements or obtained through the assessor's office.

Upon receipt of your Proof of Appropriation form, we will review the information and may come out to inspect your project. Once we are confident that all of the terms and provisions of your permit have been met, we will notify you by mail to request the certificate recording fees for the state and county.
